## A tribute to Millie..... By Jerry Foster

*Millie I. Foster*

November 26, 1930—October 20, 2010

Mildred Irene "Millie" Foster, 79, of Kansas City, Mo passed away Wednesday October 20<sup>th</sup>, 2010 surrounded by family. She was born November 26, 1930 to Eugene and Mildred Furrow in Newark, NJ.

Survivors include her husband of 38 years, Earl; daughter, Sharon Henneman; 4 sons; Mark, Randy, Rick and John, 7 grandchildren; Tobi, Toni, Tyler, Haley, John, Steven and Talon, 3 great grandchildren; Brian, Samantha and Lauren and 2 great-great grandchildren; Abbygail and Landen.

Although she worked several jobs, I think it's safe to say she was best known for her participation and association with the sport of Archery in and around Kansas City and the state of Missouri. She was a State Women's Limited Champion several times, involved for many years in the leadership of the Missouri Bow Hunters and the local Independence Bow Hunters organizations starting in the 1970's. Millie was also a Midwest Sectional and National Champion in 1974.

Millie had a friend named Jerry Adams, who found the Lord and became a Christian, a long time ago. I told her that I thought it would be a good idea for whichever one of us that got their first to wait at the gate and help the other one in. Millie said that sounded like a good idea. She told me she had accepted Jesus as her Savior. Then she looked at me, smiled and said, "If I get there first, what makes you think I'll let you in?" I praise the Lord that she was willing to accept Jesus as her Savior and that she will be waiting at the gate to help all of us that have accepted Jesus as our Savior to get in there with her.

When I started writing this I was overwhelmed with the amount of memories about Millie that kept popping up and I knew I had to find a way to collect and consolidate them into something that wouldn't be a huge book but rather a description of the things that made Millie, who and what she really was.

Millie was able to see problems and fix them. The very first time I met Millie, I was at the Archery range over on Prospect in 1968. I was shooting and hitting everything but the targets. I heard this woman saying, "Hey Mister, you don't know squat about shooting a bow, do you?" I turned towards her and she said "Hi, I'm Millie and I'm 6'2" of romping heck and I am gonna have to whip your hind end, if you don't learn how to shoot that thing without hurting someone." Before I could say anything, she got one of the guys off the line and brought him to where I was and told him to show me how to shoot. Just as quickly as she appeared, she disappeared and went back to whatever she was doing.

**SUMMIT ARCHERY CENTER (Exp.2.28.10)** 1168 Decker Rd, Gray Summit, MO 63069. Owner: Jeff Friedmann (636) 742-2531)

## A message from your President ←→

The first time that I met the "Basement Bandit" was in 1984. I had just taken up bow hunting and need some new arrows. Everyone said that the little shop in South Kansas City was the place to go. They were right. Two hours later I was leaving with a new dozen game getters, and a whole new perspective on the bow and arrow. A couple of years later, Millie set me up with my first target bow, and the rest as they say, is history. Millie touched more lives than we will ever know. She was always there to help the beginner or set the old timer straight. Her passion for archery and MBH has brought us to where we are today. For that we are all eternally grateful.

The MBH/NFAA State championship is November 28th. This is a whole new format for MBH. New target and multiple locations. We are excited to see the results. If you have not already registered, please do so. You can register on line at [www.mobowhunters.org](http://www.mobowhunters.org)

If you missed it last month, MBH has some scholarship money that we need to give away. Just fill out the required application and submit it to the board. Here is another advantage to being a MBH member.

The deer reports are starting to trickle in. A big shout out to Janet Zuber who shot her first ever deer this month. Like the rest of us, no she is hooked! Be sure to fill out and send in a deer report to Jack Davis. All forms are available on the MBH website.

For many years, Dave Williams and Bob Redmon have ran the bow fishing side of MBH. Although we don't really hear too much about it, it has been a very successful program. They usually host two or three tournaments a summer. The most important one being the "kid's shoot" Everything for this tournament is donated and always has a large turnout of kids to shoot fish. After many years of service, Dave and Bob have decided it's time to retire and turn over their positions to someone with a little more energy. If you are that person and would like to help continue the tradition of bow fishing in MBH, please contact me or Dave.

The elections for President and Vice-President are here. The ballots are in this month's Release. Please fill it out and mail it back. The results will be counted at the January Board of Representatives meeting. Speaking of which, the annual BofR meeting will be January 9th, 2011. While only listed BofR's can vote, the meeting is open to all members. There will be an agenda published in the December Release. We have a lot to discuss about the upcoming year. Be part of it!

*Steve Christian, President*

# LARGE & SMALL GAME COMMITTEE

## Turkey:

1. Gaylon Russell, Catawissa, hen turkey, 21 yard shot, killed on Oct. 2nd, in Franklin Co. at 5:15 pm. 7th in 22 years.
2. Gaylon Russell, 10 lb. jake, 31 yard shot, taken on Oct. 30th in Franklin Co. at 2:45 pm. #8.

## Deer:

2. Cole Duensing, Clinton, 85 lb. doe, 20 yard shot, killed in Henry Co. on Sept. 29th at 3:45 pm. 1st as a MBH'er.
3. Vernie Broyles, Neosho, 150 lb. 8 pt buck, 15 yard shot, killed in Newton Co. on Oct. 10th at 7:45 am. 1 of many in 45 years.
4. Craig Duensing, Clinton, 80 lb. button, 30 yard shot, taken in Henry Co. on Oct. 14th at 4:00 pm. 1st in 2 years.
5. Jack Davis, Camden, 137 lb. 8 pt. buck, 18 yard shot, killed in Camden Co. on Oct. 20th at 7:40 am. Came in on grunt, twice. #47 in 38 years.
6. Jack Davis, 76 lb. doe, 22 yard shot, taken in Camden Co. on Oct. 29th at 7:20 pm. #48
7. Charles Cashatt Jr. Excelsior Springs, 85 lb. doe, 10 yard shot, shot on Sept. 19th in Clay Co. at 6:15 pm. #65
8. Charles Cashatt Jr. 111 lb. doe, taken in Clay Co. on Oct. 8th at 9:50 am. 22 yard shot. #66
9. Charles Cashatt Jr. 78 lb. "hot" doe, 19 yard shot taken on Oct. 16th at 9:05 am, in Clay Co. being chased by a spike, 4 pt. and 3 8 pt. bucks. # 67.

During the 3-D season, I meet Craig & Cole Duensing, on the course. After watching them shoot, I knew it was only a short time before I was going to receive their game forms.

What a great time to be in the woods! Oct. was ideal for the bow hunter. Never have I seen so many scrapes so early. Problem was, by my trail cams, they were all made well after dark. Hunting will only get better as we approach the firearm season.

I have a break down of Mo.'s antlered deer by region.

Southeast	30,357	Kansas City	45,194
St. Louis	33,080	Northwest	57,125
Ozark	41,769	Central	67,987
Southwest	45,161	Northeast	71,362

Source; Mo Dept. of Conservation. Just thought you'd like to know. Be sure and use your fall protection when hunting from a tree stand. There was a hunter that fell to his death in the eastern part of the country in the 1st week of the season. Til next time.

**Jack Davis**

Email: jackanddiana@gmail.com

*Jack*

### Tim's Venison Stew :

- 2-3 large red potatoes, cubed
- 2 cups sliced carrots
- 1 yellow sweet onion, cut into chunks
- 6 cups water
- 14 oz. can beef broth
- 3 beef bouillon cubes
- 1 table spoon of salt
- 3 heaping tablespoons of red currant jelly
- 1 cup of red wine, set 1/2 cup aside for later
- 1 1/2 lb. of venison cut into 2-inch cubes
- Dash of Tony Chachere's Original Creole Seasoning
- Black pepper to taste
- 3/4 cup Kentucky Kernel Seasoned Flour

A recipe received courtesy KY Department of Fish & Wildlife.

Pour all liquid ingredients into a slow cooker. Add the bouillon cubes, salt, Creole seasoning and black pepper, stirring until dissolved. Next, add the vegetables and venison. Set the slow cooker on low and cook 4-5 hours, until tender. A few minutes before serving, mix Seasoned Flour with 1/4 cup of water until dissolved. Pour into stew and cook until desired thickness results. This recipe feeds four average people or two hungry deer hunters. Oh and that 1/2 cup of wine, take a sip while making and checking on the recipe. Enjoy!

# Bow Hunter Defense Committee

The third and final meeting with the Camden City Council was held on Oct. 28th with some interesting results. The council decided to have a managed hunt, that will take place hopefully after Christmas. The city will contact residents that want the deer thinned from their property. Some of the requirements, is that the hunter have completed the MDC Bow Hunter Education Course. Hunting will be from an elevated stand of at least 10' and the hunters MDC Heritage Card number must be on the arrows they intend to hunt with. Hunting will be limited to 3 acre tracts and larger.

A second type of hunt will be conducted through the county MDC conservation agent. If it is determined, by the agent that there is a nuisance problem with the deer, no matter what size of the property or if the archery season is over, qualified bow hunters will be called in to help with this problem. I will be working with the local agent on this matter to supply him names of qualified bow hunters. Camden City Hall telephone number is 573-346-3600. For those interested, please wait until after Christmas to make contact.

Funding from the American Recovery and Reinvestment Act (ARRA) combined with dollars from state and local sponsors have put a boost in the Share the Harvest Program (STH) Gov. Nixon announced that a portion of Missouri's ARRA funds has made additional monies available to increase the number of meat processors for STH. Last year, Mo. deer hunters collected a quarter million pounds of venison for needy families. With additional funds, more than one half million pounds of venison to be collected is possible for the upcoming deer season. Our county MDC agent (Camden) stated that the three STH meat lockers in our county alone, have funding to process thirty deer each at no cost to the hunter or the processor, due to the ARRA funding.

Keeping you informed, Jack Davis

## Early Hunting Success for the Duensing's

Happy Rut everybody! Yeah, that's right, I do consider the rut as a holiday! I know I'm not the only one. Fortunately enough, the Duensing family has already had two glorious harvests this bow season. Nothing can ever relate to the feeling of a successful hunt. I have experienced 2 harvests with a bow in my life (the other one was in 2008 when I killed a beautiful 8 point buck, so I can say I'm quite the lucky guy. My dad, Craig, on the other hand, was yet to experience the incredible thrill of a harvest with a bow before this year.

On September 29th, I got out of school at 3. It was a little on the warm side for me normally but hey, that's bow hunting for ya! I threw on the camo and the Hunter Safety System (which I always wear while on the stand) and headed for the woods. I walk down a small creek bed to get to my stand mostly for the reason of staying quiet and scent control. I crossed the creek at a narrow spot where a doe jumped up from her bed. Instinct took over then. I grabbed a Carbon Express Mayhem shaft tipped with a blood thirsty Muzzy 3-blade 100 grain broad head and came to full draw with my Elite g.T.500. I grunted at the deer and she turned and stopped. She was slightly quartering to me but I let the arrow fly. The rest was in the hands of God. The arrow hit its very deadly ark and the deer died within seconds. A quick and ethical kill. Just the way I like it!

In all, I must say the first two months of the 2010 bow season for the Duensing's was a successful and joyous time. To witness my Dad take his first deer with a bow, I couldn't tell if he was the kid or the Dad that he is. The jubilation and excitement is all the same. Just another perfect thing involved with this wonderful sport we call "bow hunting".

*Millie Foster was many things: adored by many, courageous, scary, strong, efficient, tall, boisterous...but Remarkable. Grandma you will always hold a place in my heart. Romans 16:2- I ask you to receive her in the Lord in a way worthy of the saints and to give her any help she may need from you, for she has been a great help to many people, including me.*

**Mom** was determined to walk again and now she is. She's in Heaven fletching arrows and teaching cupid how to shoot with fingers. Don't slap his hand Mom, when he grabs the bow...it IS a recurve! To a few other deceased Archers in Heaven; Jim Lane, John Dickinson, Jerry Adams, Vic Mazza, Yvonne Terry and Howard (Dad's brother), please take care of her. Every time I hear thunder, I will be thinking... You and Gene Towne behave yourselves!!

# St. Louis Bowhunters

St. Louis, Mo.

by Bob Brumbeck

Well here we are into the middle of bow season. There have already been some pretty impressive bow harvests already.

I haven't heard from our master bow hunter and Grand Slammer Frank Toliver yet this year. He will probably be contacting me any day now on what he has harvested this year, probably tomorrow after this goes out.

The tally board has not been put up for this year with wild game harvests over at the indoor range, I don't know really what has been gotten yet. I will list them all out in the January writing in the *Release* if I get something.

The indoor range is looking really great, with the wall having been rebuilt and the floor refinished up front. We have some indoor shoots coming up in December, January, February, and March. Come on out and get some practice in. See the back of the *Release* for the dates. Registration is are 8:00 am until noon.

Our Indoor Bowhunting league is going well on Wednesday nights. Thursday night bowhunter league could stand a few more, I am sure that it will pick up after bow season.

We now have open shooting on a few days through the week, and on some weekends. The city of St. Charles has built a new round-about beside our range. People are adapting to it quite well. They have a lot of them out on the east coast. I think I went around one about three times before I could get my camper and car out of it. I did not care, just let the people honk, I was getting dizzy going around in circles.

Our condolences go out to the families of Jerry Adams, Millie Foster, and Jim Lane. These men and women will be greatly missed by all of the archery shooters.

If you want information, please check our Web site at [www.stlbowhunters.com](http://www.stlbowhunters.com).

Until next time, happy hunting and be careful out there. From all of us at St. Louis Bowhunters, have a Merry Christmas and a Happy New Year!

My name is **Bill Myers** and I am running for the office of Vice President of MBH.

I am from High Ridge, Mo and have been involved in archery since 1979. My passion for archery started out as a way to prolong deer season and I have been hooked ever since. I began competing in local tournaments (both field and animal) and attended my first Missouri Bow Hunters (MBH) State Indoor Tournament in 1980. I have been a member of the NFAA and MBH for the past 30 years. I have served on the Board of Representatives for varies clubs since around 1985.

... *Wherever Millie was*, Earl was right there by her side and if he wasn't you heard, "EARL, EARL!!" and from across the room you heard... "WHAT!?" Millie was versatile. She was the only woman I know that could fletch a dozen arrows, talk on the phone and tell Earl he was putting that peep in wrong. Very good... wasn't she?

This deer was taken by Rick Peters of Blue Springs, Oct. 30th

Darron Rodgers

Richard Potter

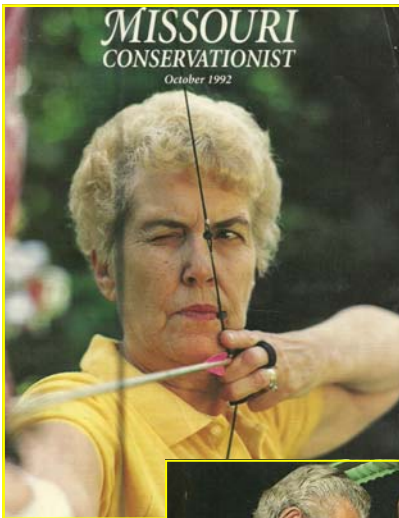

Janet Zuber

She started out at 70 yards out and then 40 minutes late came directly under my tree to sniff our tree trimmers! After looking at Joe and I for several

minutes she stepped out and gave me a 10 yard broadside shot! Sunday Nov 7th around 4pm! ...

Brad Crum

Millie was an organizer, project manager and supervisor. It takes a lot of planning within an organization to make it do what the members want it to do. One of the hardest things to do in Archery is to get an outdoor tournament up and running. I don't know how she figured out what had to be done, to make a tournament successful, but Millie could organize all the areas that were needed in her mind. How many times did we hear her say, "Ok guys, this tournament isn't going to get done by itself, we've got to get busy and get everything done before dark, RIGHT?" Then she would point to someone else and say, "You can take care of the shooting stakes, RIGHT?" Everyone involved would be appointed a task to complete until all the jobs were assigned and being worked. Millie would supervise all of the work and get involved also instead of just watching it get done. She would help out with each job until all the bales were stacked and banded, then she would go help someone cut branches in the shooting lanes, setup tables in the registration area, or whatever needed to be done.

Millie knew all about multi tasking before it became a subject to talk about. She would show up at the range on tournament day with Tobi riding on one hip, while she carried bags of ice and cases of coke to the refreshment area. She was constantly on the move to keep things running smoothly. How many times did we see her come to a tournament with an arm in a sling, or a cast on one of her legs or see her on crutches and still planning to shoot?

I remember one time when we were at her house playing cards at the kitchen table. Without stopping the game, Millie began cooking dinner. She served it, we ate and she cleaned up after we ate, without missing her turn in the game and conversation continued without a hitch of any kind. When we finished the meal, we all knew that we had just eaten but it was like it never happened.

Millie was very good at helping folks figure out problems or situations that had them confused or upset. She didn't go looking for these conversations, but if she was drawn into them, she was quick to see the issue and what the solution was. When someone would try to run around an issue or try to convince everyone that their way was the only way, how many times did we hear Millie say, "Well I bet that went over like a poot in a space suite?" She had a way of letting you know you were just fooling yourself without telling you that you were. If a person listened to her advice and followed it, they usually came up with a pretty good solution to whatever was bothering them.

Millie tried very hard to always look like she had everything under control by being rough and gruff. However, behind all of that, she was a sensitive and emotional person. One time, a bunch of us were at her home watching a movie. The movie got to the part where the hero won the battle and got the girl. I looked over and she was crying. Tears and mascara were running down her face and she was trying to keep her emotions quiet. When she saw me looking at her, she barked, "So what's your problem?" I told her I didn't have a problem, but now I knew all of her rough and tough was just a cover up and that she couldn't hide the fact that she had feelings like the rest of us. She glared back at me, "I got your feelings!" and said, "Maybe you do, but now I know you got them too."

That is when I saw who Millie really was. She was a problem solving, organizing, multi tasking, sensitive woman. She was a woman you couldn't say "No" to, or stop with a "Whoa" when she wanted to go. The only way to survive was to keep her running in circles so you could try to keep up with her.

I am glad to have known and been friends with Millie for forty plus years. I will miss her immensely.

# NODAHO BOWHUNTERS, INC. *Jeanette Brookshier, Secretary*

Gosh! Where does the time go? In this part of the state, the combines have been in full swing for quite some time and some (Bill included) have finished the harvest and are getting some other fall work completed. We finally got a nice rain that settled the dust for awhile and allowed farmers a much needed time to "recharge" following many long days in the fields. The weather has been so nice, I haven't heard of too many archery successes. Tom "Big Bird" Ciak did have success harvesting a doe with his archery gear in late October.

Bill and I have the pleasure of hosting friends from South Missouri for archery season this week. We have a "cabin" in the woods where they stay, but they are around for the evening meal. We share many laughs as they re-tell their stories. One brought his two young sons for youth season and they both connected on their first bucks – they sure were excited! Not so much luck with the adults as yet, but there is still time.

Nodaho Bow Hunters will start their first league the week of Thanksgiving. Cost is \$5 for members and \$15 for non-members (plus \$1 per league night for targets & electricity) with cash prizes to the 1<sup>st</sup> and 2<sup>nd</sup> place teams at the end of the season. Teams are drawn randomly and handicaps established in order to "even out" an average shooter with a shooter who consistently shoots 300's. We also "draw" for butt position each week so that a shooter doesn't get used to shooting the same place every time. This is advantageous to the shooter when traveling to other tournaments where the lighting and other factors are different than our range.

Our indoor fees will stay the same. Members get a key to the range and can practice at any time. If you are interested in learning more, contact any officer listed in the Club Directory or visit our web site [www.nodahobowhunters.com](http://www.nodahobowhunters.com).

Please be safe – we had a tragic accident around here last week-end when a bowhunter fell out of a tree and was not found until 14 hours later. We understand he was paralyzed from the neck down and transferred to a Kansas City hospital - one can only hope for a miracle recovery. It only takes a few seconds to strap in, just do it.

Finally, our deepest sympathy is extended to Earl Foster, Sharon Henneman and Toby Rogers in the loss of their wife, mother and grandmother, Millie Foster. I've only known Millie for about 20 years.

I started archery relatively late in life, but she "took me under her wing" probably because I was a finger shooter at the time and we bought my first bow from Earl. I grew to respect and admire Millie partly because of her devotion to Earl, the MBH and the NFAA, and partly because of the strong woman she was. We've shared many laughs over the years, but I have to share this one story: Soon after we became acquainted, Millie and I were talking after a sectional tournament and she commented on how tired her leg was, so she proceeded to take it off and lay it on the table! She took one look at my face and said "Didn't you know I had an artificial leg?" We both burst out laughing until tears were streaming! Tim Randall said not too long ago "wouldn't you just love to read a book on Millie's life? What a book it would be!" How true – we miss you, Millie, but figure you are trading stories with Earl & Ann Hoyt, Fred Bear and the many other archery greats that have passed before.

## Watching Over Me

*Written by Millie's Granddaughter, Toni*

I love you Grandma.  
Beauty radiates from you skin.  
You are still on my pedestal.  
I worship you from afar.  
I draw strength from your strength.  
I have courage to try.  
I know I will succeed  
As I've seen you do so many times.  
I've drawn knowledge from your wisdom.  
I've cried tears when you're in pain.  
I have loved you...  
Since the first time I looked up  
And there you were.  
Love, Toni

*Earl and family want to extend their most sincere appreciation for the outpouring of love and sympathy they received from family and friends. The many prayers, cards, phone calls, visits, flowers and kind thoughts were greatly appreciated. Many thanks to all that sent memorials to the American Cancer Society and to all those that posted condolences via the internet. The kind words you shared meant so much!*

# Vic's archery's, I shoot for the Girls Breast Cancer fund raiser

tournament held on October 24<sup>th</sup> turned out to be a great success! Vic's participated in a Nation-wide event sponsored by Shoot Like A Girl, a company devoted to empowering women in the shooting and hunting sports. This was an indoor tournament and all proceeds were sent to the National Breast Cancer Foundation. Due to a large number of you responding we ended up holding multiple shooting times so that all that wanted to shoot got a chance. We ended up with 29 shooters and many more donations. The total raised was \$1,050.00 which has been sent to SLG2 and then combined with all the other clubs nationally and forwarded to the National Breast Cancer Foundation.

The target was a unique design of three large Breast Cancer Pink Ribbons and one very small pink ribbon in the word Girl at the bottom. Each end consisted of 4 arrows, 10 points for hitting the white center of the ribbons and 5 points for just hitting the ribbon with a possible total of 40 points for each end. WOW, many commented that the target was much more challenging than expected! Our high score of the day was Steve Christian with a 365, great job Steve. The tournament scores have been posted on Archery Talk and Archery Site. Our winners; Mens: 1<sup>st</sup> Steve Christian, 2<sup>nd</sup> Stan Harmon Jr., 3<sup>rd</sup> Rick Horn; Women: 1<sup>st</sup> Julie Griggs, 2<sup>nd</sup> Barbara Frazier, 3<sup>rd</sup> Mandy Rodgers; Youth: 1<sup>st</sup> Dakota Hoagland, 2<sup>nd</sup> Isabelle McCann. All the scores have been forwarded to Shoot Like A Girl and combined with the scores from other clubs. A national level ranking will be posted on [www.shootlikeagirl.com](http://www.shootlikeagirl.com) web site by the end of November.

Overall the event turned out to be a huge success! The money raised well exceeded our goal and it was great to see many of the regulars show up to support such a worthy cause. Everyone participating seemed to be having fun and most were there because they've had a close friend or family member that's suffered from Breast Cancer. The funds going to NBCF help support Breast Cancer research, education and early detection programs for women across the country.

Thanks goes out to Vic's archery and several of the shooters that volunteered time and food to put the event together. Many thanks also goes to the MBH which really helped to spread the word and drive the attendance for the event! We plan on holding the Breast Cancer shoot every October and if you couldn't make it this time there is always next year!

# Northside Archers

## St. Louis, Mo.

Well here we are right in the middle of bow season. Some of our club members are really trying to harvest game already.

The cooler days of autumn are with us now making for better movement of deer. I got a non-resident deer tag again in ILL this year for Doe only. I think it is outrageous what a person has to pay the State of ILL to get a buck tag. I definitely think that we should reciprocate. I have not harvested a doe yet, my son-in-law got a good doe and a button buck last weekend. In ILL where I hunt with my son-in-law and his brother there are a lot of deer. The brother got a 9 point buck last weekend. My son-in-law has already taken two deer. I have been trying to get a doe, all I have seen are bucks. Gun season starts today here in Missouri and next weekend in ILL The deer are mighty skittish. I will keep trying, as long as the weather doesn't get too cold.

I have not had any reports of deer harvests from the club as of this writing. Our Tuesday night indoor 450 target league is going well, with some pretty impressive scores being turned in. We only have two man teams this year, but that's okay, we have a lot of fun.

It's good to see Brian Dufaux back shooting. He had rotator cuff surgery this summer and is just now getting back to shooting. He borrowed his wife's bow to get started again.

We wish everyone a very, very, Merry Christmas, and a Happy New Year. Hope you all get those new bows and arrows that are on your mind.

**Rich Noble, club member w/his 8 pointer**

Well, not too much else right now, happy hunting and remember be careful. We want everyone to have a good experiences out there in the woods, and may all of your deer tracks be filled with Pope & Young deer.

*Bob*

**FORMER CLUB MEMBER, HAROLD VAN SANT IN ARIZONA WITH HIS MULE DEER**

## Searching for 2010 Paul Jeffries MBH Scholarship Winner!

If you are a current MBH member and have been for at least one year, you may be eligible to win a Scholarship Award through the Paul Jeffries MBH Scholarship program. Since the inception of this program in 2003, several MHB members have received recognition and financial assistance.

Due to the current financial climate, the future of this program is critically dependent on donations. It is altogether fitting and proper for MBH Clubs and individual members to keep this MBH program in mind as a means for honoring those who have contributed to the sport of Archery. If you are interested in making a donation to the Paul Jeffries MBH Scholarship Fund, please contact the MBH Secretary at P.O. Box 108, Huntsville, MO 65259.

**The Scholarship Committee is now accepting applications for this distinct honor. All applications must be postmarked or electronically submitted to the MBH Secretary no later than November 26<sup>th</sup>, 2010**

The Scholarship Committee will convene and make their decisions after reviewing all applications. All application content will be kept strictly confidential.

### The Story of the Arrow Millie Made

By Eric Ramsey

*(from the Kansas City Star Guest Book, October 31, 2010)*

Ironically, last week, my niece was out hunting and in the tall grass, found an arrow. It had been laying there for exactly 3 years, where my son had taken his first deer- a beautiful 10 point buck. At the time, we looked for the arrow but never found it. That arrow was custom made by Millie. I remember when my niece found it wondering how Millie was doing.

As the arrow was picked up, held and prepared for proud return to its owner, so too Millie was being held by family and ready to return home. The arrow, like Millie, served a meaningful purpose and will always be shared through warm memories as we reflect and tell the story time and time again. Somehow, finding the arrow brought completeness, closure and comfort.

Perhaps it was just a coincidence to find the arrow at almost the exact time of Millie's passing, but we will always hold a special place in our hearts for the meaning it now has. The arrow, thanks to Millie, and much like her life was strong, enduring and is now at home. Comfort and peace to you, Earl and family.

-Cheryl, David, Eric, Jason, Jeff and Katherine Ramsey
